**Norcross, GA** - MindIQ announces that Ms. Nina Buik, Senior Vice President, has been elected to the Board of Directors of Encompass. Encompass is an HP user group of over 11,000 IT professionals who deliver information technology solutions for complex and multi-system computing environments. Ms. Buik brings over 15 years of experience as Senior Vice President of MindIQ, a technical training and e-Learning solutions company based in Norcross, GA.

Ms. Buik will serve a three-year term and assist the board in governing Encompass. As a board member, Ms. Buik will be responsible for establishing policy and carrying out the user group's mission. "I'm delighted to work with such an esteemed organization of IT professionals and look forward to assisting our membership reach their goals through communication and education," says Buik.

"We are excited to have Nina serve on the Encompass Board of Directors," added Kristi Browder, Encompass President, "We've enjoyed a long relationship with Nina as a partner, sponsor and participant within the Encompass community. We look forward to the energy and expertise she will bring to the boardroom, as well as to the membership."

Nina has been in close touch with members of the HP formerly Compaq and DEC user community since 1989. At MindIQ, she not only continues to offer innovative training solutions supporting newer technologies but also is a strong advocate of legacy/renaissance operating systems such as OpenVMS. "Innovation is great, but we shouldn't compromise quality for the sake of novelty," adds Buik.

**About MindIQ:**

MindIQ Corporation, based in Norcross, Georgia, specializes in the design and delivery of technical instructor-led training on UNIX (all variants), OpenVMS, Java, XML, and Oracle and e-Learning using its Design-a-Course™ e-Learning toolset. Since 1986, MindIQ has successfully trained over 13,000 IT professionals worldwide. MindIQ was named 2002 Inc 500 'Fastest Growing Companies.'
